

Name of Cookie	Essential or Non-essential?	Type of cookie	First or Third party?	Session or Persistent?	Expiry Time	Purpose
_ga	Non-essential	Analytical	Third Party (Google)	Persistent	2 Years	To distinguish website visitors
_gid	Non-essential	Analytical	Third Party (Google)	Persistent	24 hours	To distinguish website visitors
PHPSESSID	Essential	State	First Party	Session	Until browser is closed	The PHPSESSID cookie is native to PHP and enables websites to store serialised state data. On the Action website it is used to establish a user session and to pass state data via a temporary cookie, which is commonly referred to as a session cookie. As the PHPSESSID cookie has no timed expiry, it disappears when the client is closed.
_hjIncludedInSample	Non-essential	Analytical	Third Party (Hot Jar)	Persistent	1 Year	To distinguish website visitors
